CREDITING OF PAYMENTS

BILLING RIGHTS SUMMARY

What to do if You Think You Find a Mistake on Your Statement

If you think there is an error on your statement, write to us at BBBS, Attn: Dispute Department, 1550 North Brown Road, Suite 150, Lawrenceville, GA 30043 as soon as possible. In your letter, give us the following information: your name and account number; the dollar amount of the suspected error; and if you think there is an error on your bill, describe what you believe is wrong and why you believe it is a mistake.

You must contact us within 60 days after the error appeared on your statement. You must notify us of any potential errors in writing. You may call us, but if you do we are not required to investigate any potential errors and you may have to pay the amount in question.

While we investigate whether or not there has been an error, the following are true:

- We cannot try to collect the amount in question, or report you as delinquent on that amount.
- The charge in question may remain on your statement, and we may continue to charge you interest on that amount. But, if we determine that we made a mistake, you will not have to pay the amount in question or any interest or other fees related to that amount.
- While we do not have to pay the amount in question, you are responsible for the remainder of your balance.
- We can apply any unpaid amount against your credit limit.

Your Rights if You are Dissatisfied with Your Credit Card Purchases

If you are dissatisfied with the goods or services that you have purchased with your credit card, and you have tried in good faith to correct the problem with the merchant, you may have the right not to pay the remaining amount due on the purchase. To use this right, all of the following must be true:

- The purchase must have been made in your home state or within 100 miles of your current mailing address, and the purchase price must have been more than \$50. (Note: Neither of these are necessary if your purchase was based on an advertisement we mailed to you, or if we own the company that sold you the goods or services.)
- You must have used your credit card for the purchase. Purchases made with cash advances from an ATM or with a check that accesses your credit card account do not qualify.
- You must not yet have fully paid for the purchase. If all of the criteria above are met and you are still dissatisfied with the purchase, contact us in writing at: BBBS, Attn: Dispute Department, 1550 North Brown Road, Suite 150, Lawrenceville, GA 30043.

While we investigate, the same rules apply to the disputed amount as discussed above. After we finish our investigation, we will tell you our decision. At that point, if we think you owe an amount and you do not pay we may report you as delinquent.

EXPLANATION OF INTEREST CHARGES

The Interest Charge shown on the front is the sum of the Interest Charges computed by applying the Periodic Rate(s) to the Average Daily Balance and adding any applicable transaction charge authorized in the Cardholder Agreement. The method for computing the balance subject to Interest Charge is an average daily balance (including new purchases) method.

We figure the Interest charge on your account by applying the periodic rate(s) to the "average daily balance" of your account (including in some instances current transactions). To get the "average daily balance", we take the beginning balance of your account each day, add any new cash advances and subtract any payments or credits and any unpaid interest charges. If you paid in full the Previous Balance shown on this statement by the payment due date shown on the previous statement, we subtract from each day's beginning balance the amount of such Previous Balance included in that beginning balance and also do not add in any new purchases. Otherwise the amount of the Previous Balance is not subtracted and we add in any new purchases. This gives us the daily balance. Then we add all the daily balances for the billing cycle and divide the total by the number of days in the billing cycle. This gives us the "average daily balance."

HOW TO AVOID INTEREST CHARGES: You have until the payment due date shown on your periodic statement to repay your balance before an interest charge on purchases will be imposed.

ANNUAL FEE DISCLOSURES

If an annual fee is shown on the front of the statement, see the front for information about the following matters: the annual percentage rate for purchases, certain information regarding any variable rate feature, the amount of the annual fee, any minimum interest charge, and any transaction charges for purchases. The method for computing the balance subject to interest charge on your account is an Average Daily Balance (including new purchases) method and is explained above.

If you terminate your account within 30 days from the Closing Date shown on the front of this statement, you will not owe the annual fee (and have the right to have it credited to your account) and may use your card(s) during that 30 day period without becoming obligated for the annual fee. To terminate your account you should give us written notice sent to the address for billing inquiries as shown on the front of this statement. All cards should be cut in half and returned with your termination notice.

CREDIT BALANCES

Any credit balance on your account (indicated by a "-" on the front of this statement) is money we owe you. You can make charges against this amount or request and receive a full refund of this amount by writing us at: Card Service Center, PO Box 569100, Dallas, TX 75356-9100. Any amount not charged against or refunded upon request that is over \$1.00 (equal to or in excess of \$1.00 if you live in MA or any amount in NY) will be refunded automatically within six months after the credit balance was created (four billing cycles in MD).

(PLEASE SHOW YOUR CORRECT NAME AND ADDRESS)

Six stars at least.

By Nancy E. Turner [vine voice](#) on April 14, 2015

Size Name: 27-Inch Vine Customer Review of Free Product (What's this?)
Everyone who takes and edits digital photographs and video needs this monitor. 27" is a great viewing size on a desk, and makes photo editing more clean and clear than trying to use a larger screen or TV.

Sorry, if you're looking for a knowledgeable IT specific and pixel-detailed review, I'll leave that for someone else. However, I know what I see. The clarity and resolution is heavy on detail and more than I expected. Colors are so vibrant and detail so clear that I can see places I've goofed in doing some photo repair with Photoshop. The resolution makes movies and games clearer, just like the

Customer

Ultra High Resolution TV we just bought. Naturally the computer began downloading a driver for the monitor when I first plugged it in, but YOU REALLY MUST USE THE DVD THAT COMES WITH IT. The results are measurably better and screen adjustments are easy and clear.

Pros:

Comes with power cord with resistor box, DVD for software, and a VGA cable

The main body of this monitor is only one-half an inch thick.

The picture is brilliant, and with use of the included software has wonderful adjustments for viewing text, movies, games, photo enhancing, and more.

Cons:

The stand has only three positions.

Does not come with an HDMI cable, but then, most of us have some hanging around now.

The specific gravity of the monitor is immense. In other words, this puppy's heavy.

Ultra crisp picture-HP monitor.

By Happy Chappy VINE VOICE on April 17, 2015

Size Name: 27-Inch Vine Customer Review of Free Product (What's this?)

Love this HP Pavilion flat screen monitor for the superior HD picture it produces. So crisp and sharp; great for photos, gaming, and surfing the web. It has a clean, sleek look to it that enhances the beauty of the monitor. This is a full HD 1920x1080 resolution with an ultra wide viewing angle. It has multiple connectivity options located on the back of the monitor. You can tilt the monitor back and forth, but it does not swivel. Extremely easy to assemble without tools, and to install using the disc. The best thing about this monitor is its flexibility. It is lightweight and can be used either for routine computer work, or for watching movies via a streaming device. I would highly recommend this product!

One thing to be aware of if you are wanting to use this monitor primarily for streaming is the need for speakers.

What a wonderful monitor.

Wow! As I sit here typing this I am looking at my new HP Pavilion monitor. It is sooooo nice! The clarity is remarkable (yes - HD) and I'm looking forward to working on restoring old photos on PhotoShop and a Bamboo pen tablet, which I do a lot in preparation for a DVD I am creating of my parents lives. My old eyes really appreciate the clarity and size of this monitor.

Perfect clarity with streaming old movies!

By Katy Lake VINE VOICE on April 29, 2015

Size Name: 27-Inch Vine Customer Review of Free Product (What's this?)

We're big into watching streaming videos here. As much as I love it, it was always a bit on the fuzzy side, particularly old movies. The HP Pavilion Monitor has completely cleared that problem up! Now movies that are fuzzy or out of joint on our flat screen, or even on my laptop, look fantastic! It's almost as if they were reedited, they look so grand!

The clarity of this monitor is unbelievable. It makes my regular TV look like it's from the 50s, and our flat screen is a less than two-year-old HDTV. The monitor is relatively lightweight, goes together in a snap. It doesn't pivot, but that's not an issue (the stand it's on pivots.) The DVD to set up the system was a bit of a pain, but doable with some effort.

The color and crispness are so good you can sit halfway across the room and drink in every detail. It's a freaking bargain for the price! Absolutely love this monitor!

Perfect Addition - Over all a win, win, WIN!

By matt on April 26, 2015

Size Name: 27-Inch Verified Purchase

Perfect addition to my gaming/work system. Very high quality to where I'd rather watch TV on my monitor instead of streaming it from my laptop on my big screen TV. In my opinion it's a perfect monitor for the quality and price. Planning on getting a 2nd one as soon as I have money for it.

I put the monitor together which was a snap. Plugged it in and I am truly amazed. The clarity is phenomenal! [Read more](#)

Vibrant, crisp images, gorgeous and sleek design

By Whistle Stop **TOP 1000 REVIEWER** **VINE VOICE** on May 5, 2015

Size Name: 27-Inch **Vine Customer Review of Free Product (What's this?)**

This is an incredibly beautiful monitor that has made a noticeable difference in my browsing and working online. It was easy to set up, it's lightweight, and I love the style. I followed the directions to put it together and almost put the stand on backwards, so pay attention to the photo. The modern stand goes well with the sleek design of the monitor and it looks great on my desk. More than that, the picture is very vibrant and clear.

I installed the drivers to get the maximum potential out of this monitor and recommend this, especially since it's so easy with the included DVD. I use a graphics program to edit photos for my etsy shop and blog, and I was amazed by how much clearer I could see my photos. Now I can see what many others may see when they view my images, so I can improve them as needed. I also am enjoying streaming movies and TV on it because the large size and crisp graphics look outstanding. It's gorgeous and looks like it costs so much more. I wish it could be mounted on the wall, but that's my only complaint. I would gladly recommend this monitor to my closest friends and family.
